

Cheer Tumble Classes

TINY TUMBLERS (AGES 3-5)

Tiny tumblers focuses on the development of motor skills, playground readiness, social skills, and gymnastics skills. Our specially designed program and equipment are scaled to fit preschoolers that have smaller hands and bodies allowing our tiniest athletes to do gymnastics “just like the big kids.” Circuits and stations assure that these active children do not have downtime. Our trampolines and in ground foam pit provide a safe environment for young jumpers. While age is the general guideline for class organization, our curriculum allows for the flexibility that acknowledges that children develop at different rates.
