Join the Peak Athletics Family!

Thank you for your interest in the Stars Cheer Program at Peak Athletics! Peak is proud to be home to the largest Cheer and Dance Abilities program for athletes with special needs in the state of Colorado! Our Cheer Stars team is a wonderful place for athletes to learn cheer skills, build confidence and participate in a team environment. The Stars athletes range in age, with all varying abilities.

The Cheer Stars program began in 2003 and has been featured on many regional and national news programs such as NBC Nightly News. This program is a safe and fun place for these amazing athletes to learn the fundamentals of cheerleading in a supportive and loving environment. At Peak, we encourage our athletes to reach the highest of their potential while trying to teach life lessons that will stay with the athletes well beyond their years in the gym.

We are grateful to train in a beautiful 24,000 square foot facility and share our space among three programs, Cheer, Dance & Gymnastics. Being part of the Peak Family affords us the opportunity to take advantage of our expert coaches in all three disciplines to give our athletes the opportunity to be well-rounded in all aspects of their sport. Most importantly, it triples the size of our support system and gives our athletes and families an even larger group of people to develop life-long relationships with!

We welcome the opportunity to become a part of your family's life and appreciate your consideration of our incredible Stars Program! We look forward to getting to know each of you over the coming months and encourage you to contact me with any questions you may have!

Sincerely,
Chelsea Kouzmanoff
